

ASHRAE BLUEPRINT

January 2009

PRESIDENT'S MESSAGE

Wade Myrabo

ASHRAE 2008-2009 January meeting, Wednesday January 7, 2008 at Westward Ho!

I hope everyone enjoyed a nice Christmas with their families and had a nice New Year celebration. The weather has provided us with a white Christmas this year and very cool temperatures. Speaking of cool temperatures this months program will be on chilled beam applications by Darron Rempel from Price Industries, see Rob Marshalls write up on the program below. This month we will be having another lunch meeting on Wednesday.

Jeff Rentschler has been working on the February special event and has the details. See his article below, thanks Jeff.

I hope you can make time to come and see a great program now that the busy holidays are behind us. Lunch buffet will be served starting at 11:30 AM, with the program running from 12 to 1 PM.

Again, if you have any questions on any ASHRAE items, contact me, any board, or committee members. We would be glad to answer any of your ASHRAE questions. I hope to see you all at the HO on January 7th!!!

Please RSVP for the meeting to krystal.hermanson@ulteig.com. Or call (605) 323 6043 if that is more convenient.

CTTC
Rob Marshall

We are pleased to have Darron Rempel from Price Industries as our guest speaker for the January 7th lunch meeting. Darron will be presenting on Chilled Beams.

Darron Rempel works in the Specialty Applications Engineering department at Price Industries providing applications and design assistance for active and passive beams, radiant ceilings and displacement ventilation. Darron has a B.Sc. M.E. from the University of Manitoba.

ASHRAE Valentines Special Event
February 20,2009
'Cliffhanger'
(A Thriller by James Yaffe)

Henry Lowenthal, after a long tenure as professor of philosophy at a small western college, is looking to being appointed to an endowed chair so he and his wife can enjoy their golden years with honor and dignity. But their plans are given a rude jolt when his successor, a vindictive and ruthlessly ambitious young woman, informs him that she is not recommending him for the chair - an act of such calculated cruelty that the usually gentle professor seizes a bust of Socrates and strikes his tormentor a fatal blow. Thereafter, as Henry and his wife plot a foolproof way to dispose of the body. Complications arise in the form of a rather sinister young student who is about to flunk out of school (unless his grade is changed) and who happened to witness the professor's violent action. Add in a suspicious police lieutenant and you have all the ingredients for a series of suspenseful, unexpected and frequently funny developments, leading to a denouement that will catch everyone by surprise. "It combines the warmth and charm of On Golden Pond with almost as many plot twists as Deathtrap." - Variety.

Ticket Prices:

We have reservations for (60) people on Friday, February 20, 2009 at the Olde Towne Theatre; Worthing, SD for the above play:

Doors open at 6:00 pm and dinner begins at 6:30.

We are reserved for 60 seats, which would include spouses or significant others, so get signed up asap. You may sign up at the January and the February ASHRAE meetings. You may also e-mail me at jrentschler@climatesystemsinc.com to sign up. The cost per ticket will be listed on the sign-up sheet.

Click on Olde Towne Theatre's website www.oldetownetheatre.org for further information.

If any questions, give me a call. Thanks.
