THINGS TO DO

PARK CITY, THE COMPLETE MEETING VENUE CLEVERLY DISGUISED AS A MOUNTAIN HIDEAWAY.

Just because we're in the middle of a mountain range, doesn't mean we're in the middle of nowhere. This former Olympic town is home to four unique year-round resorts—Park City Mountain Resort, Deer Valley Resort, The Canyons Resort, and Utah Olympic Park—each of which hosts mountains full of meeting facilities, group activities and events. Of course, our quaint former mining town is pretty impressive too. Here, you'll find every kind of mountain activity you can imagine, including world-class golf, fly-fishing, horseback riding, hot-air ballooning, gondola rides, dozens of popular art and music festivals, and shopping. ♣ We also have a wide variety of meeting specialists who excel in team-building exercises, seminar services, catering, special events and more. So plan your next meeting in Park City, and plan on a mountain meeting that everyone will remember for years to come.

Membership Information

Located in the heart of Park City, Park Meadows Country Club is only a few minutes from nearly anywhere in town. No other private golf club is so close to all three ski resorts. Even Deer Valley's most secluded communities are just a short drive away. The convenient location allows you to make spontaneous visits to the Club, whether it's for a round of golf, lunch, a workout, a swim or to spend some time on the range. Little wonder Park Meadows Country Club is Park City's gathering place for business and pleasure.

Park Meadows Country Club
2000 Meadows Drive | P.O. Box 680430 | Park City, Utah 84068

Consistently ranked as one of the premier public golf courses in the intermountain region, Park City Golf Club offers a challenging game at one of the state's most enviable locations.

First built in 1963 as a nine-hole course, this William Neff, signature golf course was redesigned to its current 18-holes in 1976. In 2003, #18 was redesigned by William Neff Jr., and has proven to be one of the classic finishing holes in Utah. In addition to providing professionally designed and well kept greens, Park City Golf Club's elevation of 6700 feet can actually add distance to your shots while you play on a course that is typically 10 to 15 degrees cooler than most courses in the area—a definite bonus during the hot summer months.

Come visit us at Park City Golf Club and discover what makes Park City a year-round resort destination.
